Secretariat Report to PIRT

CSLF Recognized Projects

- As of December 2017: 53 recognized projects
 - 33 are active; 20 have been completed
 - Recent news: ROAD Project has been discontinued
 - Wide geographical distribution: projects are located on five different continents
 - <https://www.cslforum.org/cslf/Projects/Summaries>
- This meeting: 1 new project proposed for CSLF recognition
 - CO2CRC Otway Project Stage 3 (*nominated by Australia, Canada, France, Mexico, Norway, United Kingdom*)

Secretariat Report to PIRT

Outcomes from Mid-Year Meeting

- The PIRT recommended approval by the Technical Group for three projects:
 - Al Reyadah CCUS Project
 - National Risk Assessment Partnership
 - Carbon Capture Simulation Initiative / Carbon Capture Simulation for Industry Impact

Secretariat Report to PIRT

Outcomes from Mid-Year Meeting

- Mostly-final draft of CSLF Technology Roadmap (TRM) was completed and sent to CSLF delegations for review and comments.
- The PIRT's project engagement initiative has produced useful information, but this is only a starting point.

Secretariat Report to PIRT

Actions from Mid-Year Meeting

- Working Group consisting of PIRT Chair, TG Chair, Communications TF Chair, and Secretariat to review CSLF and PIRT Terms of Reference documents to clarify project qualifications for CSLF recognition. *Completed*
- Secretariat to revise Project Engagement survey form to ask project sponsors why they sought CSLF recognition and what benefits they expect from recognition. *Completed*
