Secretariat Report to PIRT

CSLF Recognized Projects

- As of April 2016: 51 recognized projects
 - 34 are active; 17 have been completed
 - Wide geographical distribution: projects are located on five different continents
 - <https://www.cslforum.org/cslf/Projects/Summaries>
- This meeting: 3 new projects proposed for CSLF recognition
 - Al Reyadah CCUS Project
 - National Risk Assessment Partnership (NRAP)
 - Carbon Capture Simulation Initiative (CCSI) / Carbon Capture Simulation for Industry Impact (CCSI²)

Secretariat Report to PIRT

Outcomes from Tokyo Meeting

- The PIRT recommended approval by the Technical Group for both the Tomakomai CCS Demonstration Project and the NET Power 50 MW_{th} Allam Cycle Demonstration Project.
- The PIRT approved a small revision to the CSLF Project Submission Form and will use the completed Form from the Tomakomai CCS Demonstration Project as a model for future project sponsors to use as an example of the kinds of project information being requested.

Secretariat Report to PIRT

Outcomes from Tokyo Meeting

- The PIRT implemented a project engagement strategy
 - CSLF-recognized projects will be contacted for updates on their progress and accomplishments during years when there are CSLF Ministerial Meetings (i.e., every two years).
 - The CSLF Secretariat will oversee this activity.
 - Information received from projects will be utilized for future TRM updates and to prepare a summary document as an input to the 2017 CSLF Ministerial Meeting.

Secretariat Report to PIRT

Outcomes from Tokyo Meeting

- The 2017 TRM update is underway and on schedule for roll-out in time for the 2017 CSLF Ministerial Meeting.
 - Structure of the new TRM will be slightly different than the 2013 TRM and will include information about recent developments in CCS, including COP21 outcomes, and areas such as CCS with industrial sources and BECCS.
