

CSLF Policy Group Meeting
4 May 2017

Report from the CSLF

Capacity Building Governing Council

Stig Svenningsen

Capacity Building Governing Council Chair (Acting)

Norway

Report from the CSLF Capacity Building Governing Council

- CSLF Capacity Building Fund established by CSLF Ministers at the 2009 CSLF Ministerial in London
- Contributions committed total US \$2,965,143.75
- Donors: Australia (via the Global CCS Institute), Canada, Norway, and United Kingdom
- Focus: Emerging economy CSLF Members
- Workshops and events are open to participants from all CSLF members

Report from the CSLF Capacity Building Governing Council

- To date, approved 19 capacity building projects in 6 countries
 - 13 projects completed
 - 6 projects in progress
- Funds currently available, after approved projects, are AUS \$1,032,717 (US \$771,387.96)

Report from the CSLF Capacity Building Governing Council

Recent events since October 2016 Policy Group Meeting in Tokyo:

- Teleconference held on March 17, 2017 to review project and financial data
- 1 proposal submitted in late March
 - SANEDI requested utilization of remaining funds from an older approved project to cover travel to a second workshop planned for late June 2017 in the U.S.
 - Governing Council and the Global CCS Institute have both approved the proposal
- Meeting held on May 3 to review in-progress projects, proposals, and to discuss ongoing revision of Terms of Reference and engagement opportunities

Report from the CSLF Capacity Building Governing Council

Next Steps

- 2 tentative proposed projects from Brazil to be negotiated
- Governing Council members will review proposed revisions to Terms of Reference
 - Propose new language on reaching consensus via e-mail
 - Discuss language on designation of notetaking responsibilities
 - Other proposed changes from previous meetings were accepted
 - Agreed on existing definition of “emerging economies” but will keep an open interpretation
- Council members will create lists of countries to target for engagement
- The Council will hold a teleconference in June or July
 - Financial and project information will be updated for this call
