

CSLF PIRT Meeting

Identification of Issues and Concepts for Future PIRT and Technical Group

**Edmonton, Alberta, Canada
18 May 2011**

Clinton Foster
PIRT Chair, Australia

Agenda 8

Mandate for Future PIRT and Technical Group

- CSLF Technical Road Map
- Clean Energy Ministers
 - Carbon Capture, Use and Storage (CCUS) Action Group
- CSLF Project Review
 - Technical Issues Affecting CCS

The Future PIRT and Technical Group

CSLF beyond 2011: **Phase 2**

- Shifting focus from R&D to demonstration

Clean Energy Ministerial Meeting

Recommendations

- Promote the importance to global CCS deployment of ratifying key international marine treaty amendments;
- Support and encourage the development of best practice knowledge-sharing from early mover projects, in particular those with public funding;
- **Review key gaps in storage data coverage and knowledge including capacity assessment;** and
- Recognise the potential of CCS for industrial emission sources and review demonstration opportunities.

Clean Energy Ministerial Meeting

“I look forward to the next significant opportunity for governments to work together to build momentum for deploying CCS during the Carbon Sequestration Leadership Forum meeting to be held in Beijing later this year. ”

Martin Ferguson AM MP
Australia's Minister for Resources and Energy
