

IEA Greenhouse Gas R&D Programme

CCS in the Academic Community Task Force

Tim Dixon

CSLF Technical Group – 13 Oct 2009

CCS In Academic Community

Objective – Identify academic programmes on CCS, and determine path forward for CSLF

- 2 meetings to date (June and Oct 2009).
- Stage 1 – review CCS in academic courses
- 4 reports – UK (IEA GHG - completed), N&S Americas (CEPAC - draft), EU (underway), Australia
- Review reports, produce summary report, use to inform Stage 2 (path forward for CSLF)
- Work with Study Body Initiative, Task Forces on Capacity Building, Communications
