The G8 Drive Towards CCS Development and Commercialisation

By Hon Claudio Scajola
Minister of Economic Development, Italy
Forum CSLF, Londra 13th October 2009

Ministero dello Sviluppo Economico

Development and deployment of CCS expected to contribute substantially to reducing emissions

Toyako commitment for the launch of 20 large-scale CCS demonstration by 2010 reaffirmed in the G8 Summit of l'Aquila

Ministero dello Sviluppo Economico

G8 Leaders will act “to accelerate the design of policies, regulatory frameworks and incentive schemes focused on the development and deployment of CCS technology”

Ministero dello Sviluppo Economico

G8 Leaders will act “to encourage greater involvement of developing countries by promoting collaboration and knowledge diffusion also through IEA regional roundtables”

Ministero dello Sviluppo Economico

G8 Leaders will act “to identify investment needs and overcome obstacles, including potential innovative partnership with multilateral financial institutions”

Ministero dello Sviluppo Economico

G8 Leaders will act “to identify sources of financing for CCS demonstration projects”

Ministero dello Sviluppo Economico

G8 Leaders “invite the IEA together with the CSLF to report on and further develop technology roadmaps and to work with the private sector to accelerate the construction and operation of demonstration projects”

Ministero dello Sviluppo Economico

G8 Leaders invite the new Global Carbon Capture and Storage Institute “to actively cooperate with the ongoing activities by IEA and CSLF to ensure that these efforts are mutually reinforcing”
