

Carbon Sequestration Leadership Forum Website Update

Stephanie Duran, CSLF Secretariat, United States

30 June 2016

Policy Group Meeting

Carbon Sequestration Leadership Forum Mid-Year Meeting

London, United Kingdom

CSLF Website Update

- Underway with goal of going live by August 1
- Changes primarily to the home page and website design
 - Intended to make the website more user-friendly
 - Easily identify new documents
 - Ensure easy maintenance
- Need your help!
 - Updates to country pages

CSLF Home Page

- Banner across top with rotating snap shots:
 - Description of CSLF with link to About CSLF tab
 - Global CCS Projects Video series with link to Media tab
 - New projects highlight with rotating photos and project descriptions with link to Media tab
 - Highlights of recent developments on CCS with info on IEA reports on CCS link to Useful Links
 - CCS 101 infographic with link to About CCS
- CSLF Activities and Projects Highlights
 - Link to Members tab
 - Link to Projects tab
 - Link to Get Involved tab
 - Link to About CCS tab

CSLF Home Page, cont.

- Highlights on major CCS Policy and Technology Developments for easy access:
 - ❑ White Paper on Industrial CCS
 - ❑ CSLF Ministerial Communique
 - ❑ CSLF Technology Roadmap
- Links to recent external reports on CCS
 - ❑ Focus on CCS and COP21 with analyses from WRI and Third Way
- Upcoming events on homepage for easy reference with link to Meetings/Workshops tab
- Daily updates to relevant news clips on CCS with link to Media tab

About CSLF

- CSLF Organization
 - ❑ Includes more detailed descriptions of the Technical Group and the Policy Group and various taskforces
- CSLF Publications
 - ❑ No significant changes
- Get Involved
 - ❑ Includes info on CSLF Academic Council

Meetings/Workshops

- Links to:
 - 2016 Annual Meeting
 - 2016 CSLF Mid-Year Meeting
 - 6th CSLF Ministerial Meeting
 - 2015 CSLF Mid-Year Meeting CSLF Organization
- Contains historical information for archival purposes of past meetings and workshops

Member Countries

- Will include interactive map with CSLF Member countries with links to descriptions of country activities, links to CEM and Mission Innovation commitments, as appropriate
- Will also include the link to the projects page
 - Map that highlights CSLF recognized projects
 - Greater linkages to GCCSI large-scale projects and pilot projects databases, as appropriate
 - Not much change in content

About CCS

- Contains links to a new page on CCS Policy and Technology Developments where we will routinely add links to relevant policy and technical developments
- Great opportunity to highlight the work of other multilateral platforms (IEA, CEM, MI, etc...)
- Also potential for linkages to eNGO CCS network
- Seeking advice from Member Countries on what to include

About CCS, cont.

- Update of CCS 101 documents (inFocus fact sheets)
 - ❑ Longer term effort
 - ❑ Expect to work closely with communications taskforce on messaging
 - ❑ How can we collect more information geared at an audience less familiar with CCS?

Media

- Tabs for In the News, Videos, Photos, etc...
- Opportunity to include press releases on project commissionings, other info related to CCS in Member Countries
- Seek input from YOU on content (i.e., project photos and videos)
